

Celebration Assembly

A Message from Mrs Hills:

24/4/20

Good afternoon everyone. We come together at the end of the first week of this new term to unite in our thoughts and in our prayers. Please take a moment to stop, light your candle and reflect on all we have achieved in our school this week.

This week I know it has been difficult for many of us to get back into our Home School routines and to be motivated to complete our learning. However, having spoken to lots of parents and children over the course of the week, I know that we have all worked hard to settle back to school and to focus on doing our best. Well done everyone!

I think it has helped many people to remember that learning is not just maths, English and science – learning is so much more than the subjects you study at school. Learning is life-long and includes everything new that you learn: to ride a bike; bake a cake; flip on a trampoline; keep control of your emotions when you feel cross or upset; to think of others before yourself.

This week I am very proud to award certificates to so many children for the learning they have completed this week, that includes the development of many different life skills. I am very proud of our whole school community and the amazing job everyone has done to settle back at our special St Mary's at Home School.

WELL DONE EVERYONE – YOU ARE DOING A BRILLIANT JOB!

Let us pray ...

Dear Lord,

Thank you for all the different opportunities we have had to learn this week and for all the people who have helped and supported us in our learning.

Thank you for the many gifts you have given us that make us special and unique.

Help us to achieve our hopes and dreams and to be the very best versions of ourselves that we can be.

Remind us daily, that with your love and support, we can do anything.

Amen

Celebration Assembly
