The successful candidate should be prepared to work hard in a variety of different ways to support the learning and physical care of our children, represent the school professionally at all times and respond positively and flexibly to the challenges of school life. We expect the most from our pupils and therefore we expect the most from our staff who are key role models for the children that attend our school. Experience of working with children with special educational needs and disabilities would be an advantage but is not essential.

In return, we can offer you outstanding support and a commitment to your professional development, a supportive ethos where your contributions will be valued, a friendly team of enthusiastic colleagues and an attractive working environment with excellent facilities, well-behaved children and supportive families

We are looking for someone who is:

- Committed to supporting the Catholic ethos of our school.
- Professional, organised, motivated and flexible.
- A good team player, willing to share, laugh and learn alongside colleagues.
- A welcoming and professional ambassador to the school
- Committed to the security and safeguarding arrangements.
- Able to deal with all confidential matters with tact, confidentiality and discretion

St Mary's is a warm and welcoming Catholic family with:

- Happy and enthusiastic children
- Friendly, hard-working, committed and supportive staff
- Forward thinking ideas based on research
- A strong staff wellbeing ethic
- Close links to the parish and wider community

Please contact the school via Email for further details and an application pack. Visits to the school are warmly welcomed and encouraged.
